What Makes Raven Medical Different

- **Relevant** - Our courses are driven by current research, national standards, and demands from the field.
- **Excellence** - We provide top-tier medical training, continuing education, and certifications for all aspects of pre-hospital care for civilian, DoD, and government agencies.
- **Commitment** - Our medical instructors are dedicated, licensed, and certified with the qualifications and experiences to prepare students for real-world emergencies.

How Does Raven Medical Make It Happen

With over 10 years of past performance, we are recognized through national certifications and accreditations as a leader in medical training

RAVEN MEDICAL INC

Providing Top Tier Medical Training to America's Heroes

Training you can depend on...

SOF PARAMEDIC BRIDGE COURSE

Bridge the gap with our 12-day crossover course. Designed for SOF medics by SOF medics.

PROLONGED FIELD CARE
PFC teaches patient care in an austere and resource constrained environment over an extended period.

TACTICAL COMBAT CASUALTY CARE

TCCC teaches evidence-based, life-saving techniques, and strategies for providing trauma care from the point of injury to evacuation.

NREMT, AHA, NAEMT
We answer the growing demand for National Registry and pre-hospital care provider certification. For those who are already qualified, we offer CAPCE continuing education.
